

- None ([stable](#))
- [Positron emission](#) or [electron capture](#) (decay moves atom one place diagonally down and to right)
- [Proton emission](#) (decay moves atom one place down)
- [Neutron emission](#) (decay moves atom one place to left)
- [Alpha decay](#) (decay moves atom two places diagonally down and to left)
- [Spontaneous fission](#)
- [Beta decay](#) (decay moves atom one place diagonally up and to left)
