

# Data Visualization

## Assignment #3

## Homework assignment #3

---

### Assignment #3:

“dataset visualization using D3”

- Assignment #3 is an individual project using D3.
- For this assignment, you must create a simple graph of your choice (e.g. a bar chart, line chart) visualizing data from the Hellenic Statistical Authority ([EL.STAT](https://www.statistics.gr/el/statistics/)) dataset(s):

<https://www.statistics.gr/el/statistics/-/publication/SDT04/2022>

## Homework assignment #3: submission

---

### Submit:

- a .txt file with the URL pointing to your visualization (e.g., in Observable\* or hosted on github, vizhub.com or any other website)

(\* ) to publish your Observable notebook, click on the Publish button (or the '...' and select Publish), located on the top right of your notebook. Alternatively, when you Fork to your notebook you can choose to make it Public. Then copy the URL.

Thank you!
