

Dear students,

Welcome to **ENVIRONMENTAL PROTECTION IN THE EU /ENVIRONMENTAL LAW AND THE INTERNAL MARKET**.

As already announced on the LLM website, our first class will take place on **Thursday 20 February 2025** from **17:00 to 19:00** in **Room 8**, Hall of Theoretical Sciences, Sina 3.

This will be a first, introductory class, in which we will talk about the structure, content, and aims of the course about the expectations and evaluation, as well as about your interest in and your expectations from the course.

We will also foresee some time to start discussing the course's subject matter. Accordingly, we will explore the development of the EU competence in the fields of environment, climate & energy, and we will talk about the forging of the relevant policies. If you wish to get more familiar with these topics before the lecture, you are encouraged to read a few readings uploaded on e-class (folder "Lecture 1").

And, for those who wish to have more information about the course at this point already, you can find a draft overview posted on e-class, as well as the text of the course description that is posted on the course's e-class front page.

I hope the above is clear and interesting, and if you have any questions or concerns you can always contact me with an email at thiliopoulos@law.uoa.gr.

Thank you very much for your interest in the course, and see you on Thursday.

Best,

Thodoris
